

THE INVERTED FLYER

NEWS of the BOULDER AEROMODELING SOCIETY
AMA Charter # 906

January 2012 Edition

Ken Miller Editor #42

Rich Anderson, instructor and Coordinator of the Mel Meador Youth Training Program with Students at Chandler Field.

As of January 1, 2012, Rich Anderson will be stepping down from his position of Senior Advisor to the Club. You will recall that this position is reserved for the immediate Past President of the Club and, as such, remains in place for only one year beyond the Presidency itself.

Rich has held many officer positions in the Club in addition to being the key focal point regarding interactions with the Reservoir and City Council over the years. The Club will continue to seek out his expertise in this area in the future. Additionally, Rich cheerfully continues with his function of Float Fly Coordinator (and 'boat guy').

We should not forget that he was also instrumental as the Chief Instructor and coordinator of our Youth Training Program in accordance with the wishes of the Mal Meador Program.

On behalf of the Club I'd like to thank Rich for his many contributions to BAS. We all look forward to his continuing support in the future. He is more than a dedicated and essential Club member. He is a friend to all.

NEW BUSINESS—Rich Anderson Stated he had to send his Hi-Tech Aurora 9 channel radio back for repairs. He said he was very satisfied with the quality and service. A discussion was held on the 2.4 GHz spread spektrum radio which seems to have problems at certain locations. Al Coelho talked about the problem you could have at certain locations but stated at the Boulder field he does not think we will have any problems.

Ken Miller picked the winning ticket out of the bucket for this months gift certificate. The winner was Jim Dimmick. Merry Christmas Jim. John Kolberg again this year gave each of the club officers a very nice aviation book to show his appreciation for the officers service. Thanks John. Respectfully Submitted Rudy Glick.
